A note about the donation. Some people have asked why the increase in price from previous years? There are a couple of significant changes this year. By popular demand, we're having a pig roast. And to round out the main dish, we're serving burgers and dogs along with the pig. So unlike past years, you're not responsible for a main dish (but still bring a side or salad or desert or whatever). Also, in previous years, the party was largely BYOB. Everyone hung out in front of their homes with a cooler. The problem with this is that it's not conducive to bringing everyone together in a central location, which is what a party is all about. So this year, we've allocated significantly more funds into providing drinks for everyone so you don't have to bring your own. All in all, for the \$5 additional we're asking for, you're getting your main dish and all you can drink (Beer, wine, soft drinks, water, margaritas, etc.). Of course, there is also a DJ, Pony Rides, Fire trucks, games, music, decorations, etc. At \$30 per home, you're not going to find a better value for family entertainment. It's important that everyone contribute to pull this event off. The planning committee is working hard to get as much donated as possible. Our hope is that we might even have funds left over to put towards next year's party. But for now, we're just focusing on this year and trying to cover costs. So please donate what you can, and don't forget to hit your friends up if you are inviting lots of them. You can always send them to our website to make a very easy credit card payment online (that way you don't have to worry about collecting money from them directly).
